

**Features**

- Minimal Length
- Broadband
- Higher Power Options
- Models from 1.14 GHz to 220 GHz

Model: 22171

The series 171 ultra-short terminations have been developed for integration into systems where space is a premium.

The terminations can be offered over the full waveguide band or if an improved VSWR is required, custom narrowband models are available.

Other frequencies and higher-powered versions are also available, specifications on request.
